

Walla Walla Skate Park Association Presents

“SKATE BRICKS”

A Donor Appreciation Fund raiser

3” x 7” **GRANITE** Skate Brick

“Skate Bricks” is a donor appreciation fund raiser that will help give the youth of Walla Walla a much needed addition to the skate park located at Ft. Walla Walla. Come join us to help our youth continue to grow in what has been hailed as the sixth most popular participant sport and the fastest growing sport in the USA (National Sporting Goods Association Report-Year 2000).

Since January 2000 the skateboard park at Fort Walla Walla has engaged the youth of Walla Walla. The Skate Park Association would like to thank ALL who helped make the current facility a success for our Walla Walla youth.

The Skate Park Association is now seeking funds to build an advanced area that will include a bowl/pool section to be built adjoining the existing facility directly to the east. This advanced area is a greatly needed addition to the existing facility. Many skaters have progressed so rapidly that they are not challenged by the existing beginner’s area.

In honor of your donation, the new skate park addition will feature professionally designed skateable structures that will include engraved granite bricks in their construction honoring ALL who help us to make this next addition to the park a reality!
